Information and FAQ

Intro Children's Classes

(Mighty Mites ages 4-7)

(Karate Kids ages 8-11)

(Terrific Teens ages 12-15)

Executive Adult Beginners Class

(for adults that would like to get back into shape, and learn some self-defense, but an easier pace!)

Fall Semester 2009 Class Schedule will be as follows:

Mighty Mites I: Tuesdays 5:30-6:15 p.m.

Mighty Mites II: Thursdays 6:00-6:45 p.m.

Karate Kids I: Wednesdays 5:30-6:15 p.m.

Karate Kids II: Thursdays 7:00-7:45 p.m.

Terrific Teens: Wednesdays 6:30-7:20 p.m.

Executive Adult Beginners: Wednesdays 7:30-8:30 p.m.

Class sizes are small by design, so that your child will get a lot of individual attention.

What do I get for my hard earned money? (Option I)

- 1 month of lessons for \$60 per month, no Contract. One month of lessons consists of four (4) lessons per month. However I will NOT accept partial payments. Payments will be for one month at a time. It is the responsibility of the parent/child to get to class. If you miss class there is no make-up class. **Check the schedule as posted on the website before coming to class.**

- **1 Uniform:** Students perform better, and feel like they are part of a Karate class, if dressed for the part. Uniforms are black (help's mom keep down dirt) – Price: \$35.
- **1 year of Liability Insurance:** One time fee of \$30 when you start.
- New Beginner's Classes start the week after Labor Day and run it through December. At that time my new student's are ready to "Graduate" up to their first belt: Gold Belt. There is a "**belt graduation fee**" (some schools call it a testing fee) of \$15. This fee covers their new belt and their new certificate. Graduation fees are to be paid up front before students receive their new belt and certification.
- **Then what?** On the traditional yearly schedule, they can continue on through April and work toward their second belt, if they so desire. If you need to drop-out for a month or two, and come back, the way that I work with you, there is no problem with that. I just won't take partial monthly payments. It is the parents' responsibility to have their child in class.
- **I operate on a trimester schedule:** September – December, January – April, and May – August. If the student comes to class, AND practices at home, they may be ready to graduate to their next belt/level at the end of the four month period.
- **Are there any other "hidden fees?" NO!** So far this is what we have:

○ Liability Insurance	\$30
○ Uniform:	\$35
○ First month Lessons	\$60
○ Belt Graduation Fee (TBA)	\$15

Total: \$125
to start class on the week of Labor Day September 2009.

- As in any sport, Tae Kwon Do has specific equipment needs as each student progresses through their "belt ranks." When your student reaches the 8 month mark (April 2010), they will need to purchase

their [Sparring Gear Package](#). Our school offers two types of gear packages that will be discussed with you at that time.

- **Can I drop out and come back?** Yes.
- **Can my child get hurt doing this?** Yes. This is NOT some video game. I expect my students to pay attention and do exactly what I tell them to do. If they don't do this, they will be putting other students at risk, and your child's poor behavior will NOT be tolerated. Find another school! On the flip side, I am very experienced at what I am doing, and I will take all reasonable measure to take very good care of them. They will not spar with a partner until they achieve their second belt, which in our system would be their Orange belt.

What do I get for my hard earned money? (Option II)

- Everything the same as above, except save 16.5 % on the four (4) monthly lessons by paying for the lessons in advance:
 - 4 lessons per month @ \$50 per month x 4 = \$200
 - Liability Insurance \$30
 - Uniform \$35
 - Belt Graduation Fee (TBA) \$15
- Total: \$265
